Sir,

Reference:- G.O. 1186 MS. Development dated 5th September 1932.

P2 infra ---

I submit herewith for the information of Government a copy of the proceedings of the meeting of the Board of Visitors of the Government Trades School, Mangalore, held on 1st June 1933.

for Director of Industries.

P.T.O.

Copy of Proceedings of the Meeting of the Board of Visitors, Government Trades School, Mangalore, held on 1st June 1933.

Present:-

1. The President, District Board, South Kanara (President)
2. The Inspector of Industrial Schools.
3. M.R.Ry. Rao Bahadur N. Venkat Rao, Avl.

The report of the School from November 1932 up to the end of March 1933 was read by the Superintendent of the School.

1. The report was adopted.

The Board passed the following resolutions:-

(1) The Board invites the attention of the Director of Industries to the recommendation made at the last meeting regarding the conversion of the present experimental course in Electric Wiring into a regular course of two years and urges the desirability of giving effect to the said recommendation in view of the demand that has already arisen for qualified wiremen in Mangalore.

(2) The Board considers that the present two years' course in Wood-working is too short to turn out efficient carpenters and that its conversion into a five years' course as in other Schools is imperatively necessary.

(3) The Board repeats the request made at the last meeting regarding the institution of scholarships and recommends that this School may in this matter be treated like other schools where one-third the number of students are given scholarships.
